Form 990, Part VI, Section B, line 11:

The Form 990 is prepared by an independent public accounting firm based on

audited financial statements and with the assistance of the organization's

finance and accounting staff. The final draft of the 990 is made available

for review to the Chief Financial Officer and the Finance Committee of the

Board of Directors. The Board receives the final version of the Form prior

to filing.

Form 990, Part VI, Section B, Line 12c:

The organization annually reviews the conflict of interest policy with each

board member and also with new board members. Persons covered under the

policy include officers, directors, senior executives, non-director members

of Board committees and others as identified by a senior executive. At all

levels the board is responsible for assessing, reviewing, and resolving any

conflicts of interest that have been disclosed by a covered person, or a

conflict of interest disclosed by a covered person with respect to a

covered person other than himself/herself. Where a conflict exists, the
affected parties must excuse themselves from participating in the
situation.

Form 990, Part VI, Section B, Line 15:

Executive compensation is set by St. Luke's board of directors and is
reviewed annually. Compensation levels are based on an independent analysis
of comparable pay packages offered at similar institutions across the
country, with the goal of placing executives in the 50th percentile of
those surveyed. Similar analysis is also completed for physicians and other
health care specialties such as nurses and pharmacists. These surveys are
usually done every two years, with the most recent compensation survey
completed during calendar year 2010.

St. Luke's Health System is committed to providing the highest quality
medical care to all people regardless of their ability to pay.

To keep that commitment, St. Luke's puts a great deal of time and effort
into recruiting and retaining the top physicians in a variety of medical
fields. Our relationships with physicians range from having privileges at
the hospital to full employment.

For those physicians who choose to be employed, St. Luke's must offer
competitive pay and benefits.

Physician compensation is based on a range of criteria and can be
influenced by a number of variables including:

Name of the organization St. Luke's Magic Valley Regional Medical Center, Ltd.

Employer identification number 56-2570686

-Community need for medical specialty

-Experience

-Productivity

-Geography

-National surveys adjusted for local conditions

-Willingness to serve regardless of patients' ability to pay

-Duration of relationship and contractual terms

To ensure physician compensation and benefits remain within industry

standards and legal requirements for not-for-profit institutions, St.

Luke's has a Physician Arrangements policy that specifies circumstances

requiring a third-party valuation and also periodically uses third-party

consulting firms to review St. Luke's physician compensation arrangements.

Given the growing national shortage of physicians, recruiting and retaining

physicians is more critical than ever to guarantee that people seeking care

at St. Luke's will continue to have access to the physicians and

specialists they need regardless of their insurance status or insurance

provider.

Form 990, Part VI, Section C, Line 19:

The organization's governing documents, conflict of interest policy, and

financial statements are not available to the public. Form 990 is available

for public inspection, which contains financial information.
