## St. Luke's by the Numbers 2024 Wood River Overview

St. Luke's Wood River Medical Center is a critical access hospital serving Blaine County and the surrounding region. It provides a broad range of advanced services for its size, including an Emergency Department staffed by board-certified emergency physicians, state-of-the-art surgical facilities and outpatient infusion services, including chemotherapy. A wide variety of primary and specialty care providers coordinate patient care in local clinics, along with a network of more than 150 physicians.

All numbers are current as of the fiscal year ending Sept. 30, 2024.

*At St. Luke's Wood River, we're not just a health care provider—we are neighbors, friends and family. Our commitment to this community means providing top-quality care close to home, whether it's through advanced technology, expanded services or compassionate support. With the backing of the entire health system, we've enhanced surgical capabilities, improved access to care and ensured stability during challenging times. Together, we're building a healthier future and staying true to our promise to be your trusted partner in health, today and for years to come.*
